

	PI Attestation Form	
--	----------------------------	--

As Principal Investigator, I acknowledge that I have reviewed the submission to COMIRB, and that I have read and understand the university's [policy on the responsibilities of investigators](#).

For initial submissions of research where the PI is a mentee: in lieu of this PI attestation, attach:

1. A Mentor Agreement signed by the mentor, and
2. A copy of Investigator Responsibilities, signed by the PI/mentee.

Please sign and date and then upload to the submission where prompted by the system. As an alternative to a signature, the content of the form beneath the line below can be pasted into a current E-mail from the PI (with the mentor cc'd, when applicable, for initial submissions), and a copy of the E-mail uploaded to the submission. Please include the COMIRB # in the subject line of the E-mail.

This attestation form is required for Initial, Continuing Review, and Unanticipated Problem submission types.

COMIRB # _____

I agree to conduct this research study in accordance with COMIRB policies and procedures. I have read the Policy on the Investigator Responsibilities. I have completed all required training and I will conduct my study in compliance with all federal, state, and local laws and policies.

My signature below attests to my agreement to conduct this research according to these requirements.

Signature of Principal Investigator
