Complete the table below for any unaffiliated sites relying on COMIRB or include this information in the protocol.

Site	PI at this site	Summarize study activities at this site (e.g., fully participating site, data analysis only). List any unique requirements at this site (e.g., site-specific consent form, separate HIPAA authorization, Conflict of Interest Management Plan)
University of Z	John Green, MD	Fully participating site. A site-specific consent will be used, with site-specific HIPAA wording. University of Z requires a HIPAA waiver to screen medical records for recruitment.
Best Medical Center	Melanie Gold, MD	Fully participating site. A site-specific consent will be used, without a HIPAA section. State law at BMC requires a separate HIPAA authorization. BMC is responsible for approving the HIPAA Authorization.
Y Institute	Tom Blue, PhD	Data analysis only: Dr. Blue will evaluate study videos.
General Hospital	Amy Black, MD	Fully participating site. A site-specific consent will be used. State law at GH requires that all subjects be provided the state's Experimental Subject's Bill of Rights prior to consent. GH is responsible for providing this document to subjects.
