

CRIO Council Executive Summary

2022.10.25

Executive Summary

- Minutes from previous CRIO Council meeting were approved
- An overview of the Data Needs Survey results was presented
 - Next tasks will involve reaching out to units/contributors for more information and to help inform prioritization
 - A summary of results will be posted on the CRIO website and disseminated to the community
- NIH Data Management and Sharing Policy (DMSP):
 - Inventorying of public locations for data
 - DMSP best practices
 - Evaluating DMSP already in InfoEd
 - Financial modeling
 - Each School delegate is going to try to indicate a data manager point of contact
 - Data storage financial modeling is a general need, not only for NIH DMSP
 - How will CU-AMC, Schools and Research Teams pay for data storage and management?
 - Base level of support provided by Anschutz
 - HIPAA compliant storage should be made available to all at a base level to reduce risk
 - Additional funding will be obtained via standardized grant request process
 - Indirects could be more evenly distributed to reduce costs, create equity and efficiency
 - Compliance Office will develop a strategy to evaluate DMSP compliance.
- Coordinate launch of a Campus-wide ticketing tool (e.g. Zendesk, Jira)
 - Requires full address book integration
 - Doesn't necessarily require all teams to use one tool, but rather for them to integrate
 - Will need to examine how to integrate with hospital partners
