

CRIO Council Executive Summary

2022.12.20

Executive Summary

- Minutes from previous CRIO Council meeting were approved
- An overview of the first NIH DMSP Town Hall from December 13 was presented:
 - The NIH DMSP Town Hall revealed the need of more NIH DMSP templates dedicated to Clinical Research and Clinical Trials.
 - Teri Hernandez, Bruce Dye, and Sara Deakyne Davies are going to meet and elaborate a flowchart to distinguish between a Clinical Research and Clinical Trials (e.g. which data can be shared, which metadata to provide, etc).
 - DMSP Office hours focus on providing CU Anschutz Researcher information about metadata standard, cost sharing, and compliance will start January 2023.
- The second NIH DMSP Town Hall will take place on January 17
 - The second NIH DMSP Town Hall will focus on providing guidelines on compliance and cost sharing.
- Research Data Services workshop is scheduled for January 10:
 - The main goal of the workshop is for those involved in research data services to familiarize with the varied research data related services available across Anschutz Medical Campus and develop a shared set of processes for addressing researcher needs.
- Data Sharing Policy:
 - An Inventory of sharing processes across the Anschutz Medical Campus is being finalized.
- Research Front door:
 - The contract to implement an iTHRIV portal is being finalized with the University of Virginia.
 - The iTHRIV portal is going to be one central point to search for resources and activities at Anschutz Medical Campus.
- Research Computing workspace updates:
 - The GCP pilot will start in early 2023.
 - Documentation about the Workspaces pilot is being formulated as part of the launch.
