

Clinical Research Onboarding Development

Background and Timeline

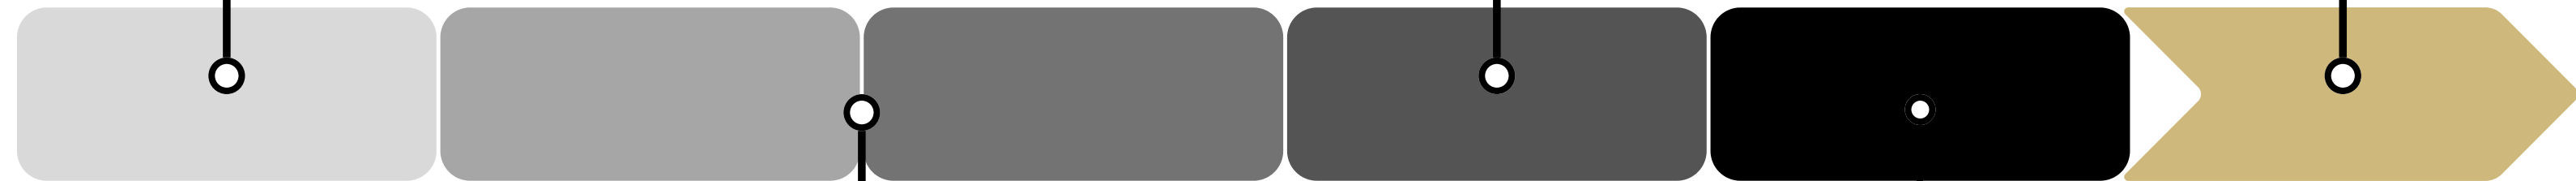

Clinical Research Onboarding Workgroup established across 8 departments to develop a solution for improving the onboarding for clinical research professionals. Canvas chosen as a CU-supported learning management system (LMS) software. Required clinical research training reviewed, gathered and outlined by the Workgroup for various roles and responsibilities within clinical research such as clinical or regulatory roles.

Remainder 2023- Early 2024

Communication and access to the broader University of Colorado Anschutz campus clinical research community.

Fall 2024

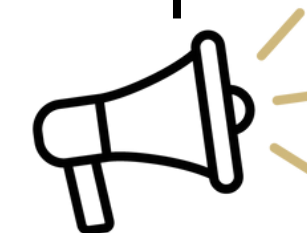

January 2023

Workforce Development survey results from over 800 University of Colorado Anschutz Clinical Research Professional respondents. **31%** were not satisfied with their onboarding experience. **30%** were neutral.

June 2024

Onboarding pilot initiated with 5 participating departments. New clinical research professionals rated the onboarding experience on average as “good” or a “3” on a scale of 1 (poor) - 4 (excellent).

Ongoing

Survey, evaluation, and additional improvement of the onboarding experience.
