Quotes highlighting areas of strength and areas of improvement

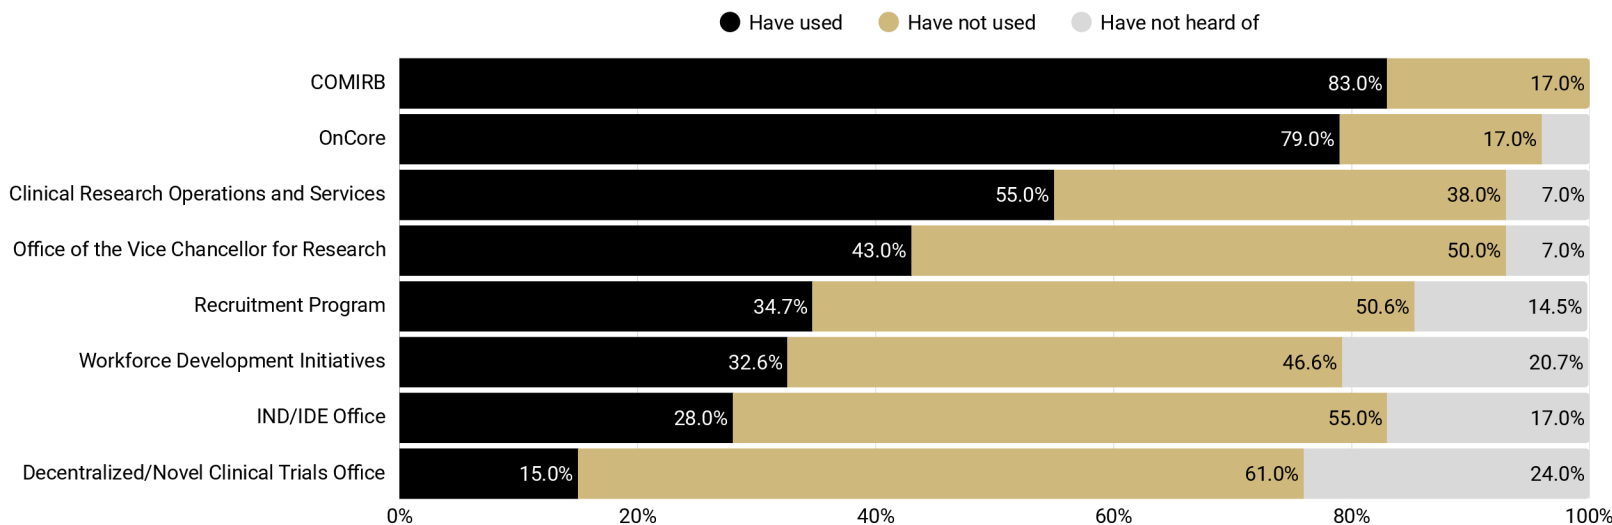

"My motivation for staying in my position is my colleagues and the PIs I work for. I would like to continue in this position but the pay is a barrier in doing so."

"Kind coordinators, hardworking individuals, and a culture surrounding support and growth is a wonderful benefit of this role."

"I am not sure if I have had the chance to interact with the culture at CU Anschutz. I think more events for research professionals to meet each other would be better."
