CHANGE: CTRC Events updated in Charge Master

Change

- CTRC Events have been updated with correct names and costs based on their published list of services. In some cases, the cost is TBD. Several CTRC Events have been retired.

Impact

- Some CTRC events will be replaced with their correct counterparts during amendments.
- Study teams should be able to utilize the costs in OnCore to assist them in budgeting.

Future Considerations

- We hope to continue to do this annually.
- Please let us know if there is a cost you think is incorrect or a service that was not included.
