- Transportation Fee – If the CUA IPS serves as a central depot and requires shipping or transportation of IP off site for multi-site studies**
- Amendment Fee – for amendments affecting pharmacy SOP**
- Additional Fee- per agreement with PI and Pharmacy**
(eg. Shipping for sterilization or for pyrogen/sterility testing)

\$250 per shipment

\$50

TBD

IV. Dispensing and Compounding Support

- Compounding (OUTPATIENT setting)

\$ 75 per hour or any part of an hour plus cost of materials

- OUTPATIENT – Routine dispensing

\$ 40 per dispensing

- OUTPATIENT – Complex dispensing (e.g., Hazardous or requires manipulation)

\$ 60 per dispensing

- OUTPATIENT – Routine parenteral product dispensing (e.g., syringe)

\$ 75 per unit

- OUTPATIENT – High complexity parenteral product dispensing

\$ 100 per unit

V. Drug Pricing Note:

Drug Purchasing Pricing = WAC +10% above dispensing fee depending on category

Please be advised that charges to the study for drugs acquired from SSPPS commercial stock will increase with the increased cost of drug acquisition to SSPPS. Staff members preparing budgets should factor in cost increases of up to 10% per year in the event that there are price increases to the Pharmacy

* On January 1 each year, all fees will be subject to a 3% increase for inflation

Effective date: Effective February 2021
