### RAM Survey Record for Green Tag

- Green Tag surveys must be conducted both inside and outside of the equipment, and include portable instrument (GM and/or NaI probe) readings, *and* swipes counted on a liquid scintillation counter or gamma counter.
- Use this form to record readings.
- Attach printout of swipe survey results.
- Submit to EHS by fax (303-724-0388), email ([rad.training@ucdenver.edu](mailto:rad.training@ucdenver.edu)), or campus mail to Mail Stop F484.
